

CITRA-SPOT

Wetcleaning Dry-Side Stain Pre-Spotter

GENERAL DESCRIPTION:

Citra-Spot is a concentrate for use by the professional cleaner for the removal of dry-side stains of an oil-based nature. It is the result of the latest technology in surfactants, emulsifiers, and natural neutral turpines. Citra-Spot is a specialized blend of soil suspending agents, emulsifiers, anti-redeposition agents, water conditioners and optical brighteners that will help to safely remove fats, oils, greases, and various stains of similar chemical composition when used in accordance with accepted spotting principles and procedures.

DIRECTIONS FOR USE:

Test the product on the garment first for fabric safety and color fastness. Citra-Spot is specially formulated for use on the spotting board for pre-spotting garments being wetcleaned or laundered. Apply Citra-Spot formula directly on stain and then use proper mechanical action. It can be activated by heat of the steam gun for a faster and stronger chemical reaction.

HANDLING PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN.

If splashed in eyes, flush with water for 15 minutes. If irritation persists, obtain medical attention. If ingested, drink large amounts of water to dilute. DO NOT induce vomiting. Obtain prompt medical attention.

PHYSICAL PROPERTIES:

Chemical Composition: Emulsifiers, Anti-redeposition, Soil suspending and Rinsing agents; Mineral sequestering agents. Neutrally charged surfactants.

Appearance:	Clear Liquid	pH	7.0
Penetration:	Immediate	Wetting Ability:	Excellent
Biodegradable:	Yes	Foam:	Moderate
Rinsing:	Complete	Specific Gravity..	1.047 (8.7 lbs/gal)
Stability:	6 months @ Ambient Temperature		

PACKAGING

4/1 gal. plastic bottles 33 lbs. net / 36 lbs. gross and 12/1 qt. plastic bottles 25 lbs. net/ 27 lbs. gross
