

# **SANI- FOAM**

[WWW.CLEANERSCHEMICAL.COM](http://WWW.CLEANERSCHEMICAL.COM)

#### **GENERAL DESCRIPTION:**

Sani-Foam is a unique, skin-conditioning, non-alcohol hand sanitizer based on the active ingredient Benzalkonium Chloride. Sani-Foam kills germs, bacteria and reduces S.aureus MRSA in as little as 15 seconds. Sani-Foam has distinct advantages over gelled alcohol-based hand sanitizers. Unlike the alcohol hand sanitizers, Sani-Foam is not flammable, will not stain clothing and is less drying to the skin. Published studies report that gelled, alcohol-based hand sanitizers actually make the skin dirtier, not cleaner, due to the removal of the protective layer of natural skin oils and the subsequent entrapment of dead skin cells by the thickeners used in alcohol-based sanitizers. Sani-Foam has exceptional skin feel, moisturizing and conditioning properties and does not leave the hands feeling sticky, nor does it contain polymer thickeners or silicones to alter the feel. Hand sanitizers should never be used as a substitute for proper hand washing and hygiene practices.

#### **PHYSICAL PROPERTIES:**

Chemical Composition . . . . . Antimicrobial agents  
cleaners and foam builders, buffers, skin conditioners.  
Appearance.....Clear liquid  
pH.....6.8  
Specific gravity ..... 1.03 (8.6 lbs/gal)  
Stability..... 1 Year @ Ambient Temperature  
Wetting Ability..... Excellent  
Biodegradable ..... Yes  
Foaming ..... Excellent, Stable

#### **DIRECTIONS FOR USE:**

Add directly to foam sanitizer dispenser. Use Sani-Foam for regular hand sanitizing. Rub foam thoroughly over hands and allow to dry. Sani-Foam quickly sanitizes hands and does not dry out skin. Refill dispenser daily.

#### **HANDLING PRECAUTIONS:**

##### **CAUTION: WARNING. KEEP OUT OF REACH OF CHILDREN.**

Do not take internally. Contact with eyes may cause irritation. Harmful if swallowed. Flood with water if splashed in eyes. Flush with water for 15 minutes and consult physician immediately. If ingested, drink large amounts of milk, milk of magnesia or gelatin, or if these are not available, drink large amounts of water. DO NOT induce vomiting. Obtain prompt medical attention.

**PACKAGING:** 8 X 8 oz. foaming personal use size / 2/1 gal plastic bottles 17 lbs. net / 18 lbs. gross
